## AGENDA ITEM \#3 SUMMARY

Presentation of draft budget for Fiscal Year 2015-2016

Strategic Plan Relevance: Regional Mobility

Department: Finance
Associated Costs: N/A
Funding Source: N/A
Board Action Required: NO
Description of Matter:
A detailed presentation regarding the proposed FY 2016 budget will be made at the Board meeting. A few key assumptions and highlights regarding the budget are listed below:

- Revenue increased by $21.35 \%$ primarily due to increased transactions and continued ramp up of the Manor Expressway project that opened in May of 2014.
- Expenses increased by $6.14 \%$ or $\$ 5.3$ million. The increase is primarily due to funding the new maintenance contract, replacement of the video system on 183A, the addition of 4 new positions and increases in non-cash items such as depreciation expense. Approximately $\$ 2$ million of the increase is for toll collection and processing costs due to increase in transactions.
- Debt service remained level from FY 2015 at approximately $\$ 44$ million. The Mobility Authority has a planned program to utilize funding from the TxDOT Financial Assistance Agreement and savings from the 2011 bond issue to phase in the operating funding of debt service through FY 2017. The reconciliation in the Consolidated Summary shows the flow of funds.
- Due to the phase in program above, the budget reflects a full year funding of operating expenses per Board policy. The Authority will need to continue to build the cash reserve balance to meet the operating reserve requirements in the future as the other funding sources for the Manor Expressway debt are phased out.
- The budget includes one position added in the Engineering Services department for maintenance support, a position in Toll Operations for internal information technology management, a Communications Director and an administrative position to support both Toll Operations and Finance.

[^0]- The flow of funds allows the allocation of an additional $\$ 2,300,000$ to fund the gap for the 183/183A intersection project
